DERMATOLOGIC
CLINICS

Cumulative Index 2004

Volume 22

January	GERIATRIC DERMATOLOGY, pages 1–130
April	THE CLINICAL USE OF BOTULINUM TOXIN, pages 131–230
July	BIOTERRORISM, pages 231–338
October	PSORIASIS, pages 339–525

Note: Page numbers of article titles are in **boldface** type.

A

- ACAM1000 vaccine, for smallpox, 286
- Acantholytic dermatosis, in elderly, 77, 119–120
- Acanthosis nigricans, in elderly, 24
- Accutane, for psoriasis, 403. *See also* Retinoids.
- Acitretin, for psoriasis, 383–384. *See also* Retinoids.
with ultraviolet B therapy, 468
- Acrodermatitis enteropathica, in elderly, 29
- Acticin, for scabies, in elderly, 8
- Actinic elastosis, in elderly, 115–116
- Acyclovir, for herpes zoster, in elderly, 52
for postherpetic neuralgia, in elderly, 54
- Addison's disease, in elderly, 26
- S-Adenosylhomocysteine hydrolase inhibitors, for
hemorrhagic fever viruses, 298
- Adrenal dysfunction, in elderly, 26
- Aethoxysclerol, in sclerotherapy, for varicosities, 502
- Alefacept, for psoriasis, **407–426**
chronic plaque psoriasis, 408–422
adverse effects of, 419–421
and infections, 420
and malignancies, 420
duration of response in, 411–412
efficacy of, 408–409
immune responses to, 421–422
immunogenicity of, 421
memory T-cell reductions and,
412–413, 415
multiple courses of, 418–419
pharmacodynamics of, 412, 415
prior treatment history and response in,
410–411
quality-of-life issues in, 415–417
refractory disease, 411, 418
safety and tolerability of, 417
severe disease, 409–410
T-cell variability in, 415
with immunosuppressants, 417–418
with ultraviolet B, 422
mechanism of action of, 407–408
psoriatic arthritis, 422–423, 481
rheumatoid arthritis, 423
- Allergic reactions, to complementary and alternative
medicine, 327
- Aminoglycosides, indications for, in elderly, 68
- Anal fissures, Botox injections for, 192
- Analgesics, for postherpetic neuralgia, in elderly, 53
- Anesthesia, in Botox injections, for hyperhidrosis,
179–180
- Angular cheilitis, in elderly, 37
- Anthraxin, for psoriasis, 380
- Anthrax, in bioterrorism, 243–244, **247–255**
cutaneous, 249–250, 251, 252
diagnosis of, 250–251
differential diagnosis of, 251–252
epidemiology of, 248

- gastrointestinal, 250, 251, 252
 - historical aspects of, 247-248
 - inhalational, 250, 251, 252
 - intestinal, 250
 - management of, 252
 - oropharyngeal, 250
 - pathogenicity of, 248-249
 - prevention of, 252-253
 - vaccine for, 253-254
- Anthrax Vaccine Absorbed, for anthrax, 253
- Anticlotting therapy, and cutaneous surgery, in elderly, 99
- Antidepressants, for postherpetic neuralgia, in elderly, 54
- Antifungal agents, indications for, in elderly, 68
- Antigen-presenting cells, in immunopathogenesis, of psoriasis, 352, 372
- Anti-inflammatory agents, for pemphigus vulgaris, in elderly, 74-75
- Antimicrobial therapy, for plague, 309-310
- for tularemia, 317-318
 - in elderly, 63-71
 - antifungal agents in, 68
 - antiviral agents in, 68
 - drug interactions in, 66
 - fluoroquinolones in, 68
 - for cutaneous infections, 57-58
 - β -lactams in, 67
 - metronidazole in, 68
 - pharmacokinetics of, 63, 65-66
 - resistance to, 68-70
 - consequences of, 69-70
 - control of, 70-71
 - mechanisms of, 69
 - risk factors for, 69
 - RNA synthesis antibiotics in, 67-68
 - social issues in, 66-67
- Antiplatelet therapy, and cutaneous surgery, in elderly, 99
- Antiviral agents, for herpes zoster, in elderly, 52
- for postherpetic neuralgia, in elderly, 54
 - indications for, in elderly, 68
- Arenaviridae, in bioterrorism. *See* Hemorrhagic fever viruses.
- Arnica montana*, in complementary and alternative medicine, 330
- Arterial insufficiency, of leg, in elderly, 19
- Arthralgias, retinoids and, 470
- Arthritis, psoriatic. *See* Psoriatic arthritis.
- rheumatoid, alefacept for, 423
 - infliximab for, 442
- Asteatotic eczema, in elderly, 2, 17, 116-117
- Astragalus root, in complementary and alternative medicine, 329
- Athlete's foot, in elderly, 15, 41-44
- Atopic dermatitis, as contraindication, to smallpox vaccination, 284
- in elderly, 2
- Atrophic candidiasis, in elderly, 36-37
- Aum Shinrikyo, in bioterrorism, 241
- Autoimmune diseases, as contraindication, to smallpox vaccination, 285
- Autoimmunity, etanercept and, 454
- Azole agents, for onychomycosis, in elderly, 48, 57
- for tinea versicolor, in elderly, 38
 - indications for, in elderly, 68
-
- ## B
- Bacille Calmette-Guérin, in complementary and alternative medicine, 330
- Back pain, Botox injections for, 191
- Balanitis, candidal, in elderly, 41
- Basal cell carcinoma, in elderly, 16
- Benign cramp-fasciculation syndrome, Botox injections for, 187-188
- Benign familial pemphigus, in elderly, 77
- Beta-lactams, for plague, 310
- Biologic therapy, for psoriasis, 371-377. *See also* specific agents, e.g., Etanercept.
- monoclonal antibodies in, 374-375
 - targets for, 375-376
 - blocking T-cell activation, 375
 - immune deviation away from T cells, 375
 - inactivating cytokines and chemokines, 375-376
 - pathogenic T cells, 375
 - with phototherapy, 404
 - for psoriatic arthritis, 480-481
- Biological Weapons Convention, on bioterrorism, 238
- Biopsy, of skin cancer, in elderly, 96
- Bioterrorism, anthrax in. *See* Anthrax.
- hemorrhagic fever viruses in. *See* Hemorrhagic fever viruses.

- historical aspects of, **231-246**
biocrimes, 240-244
anthrax attacks of 2001, 243-244
Aum Shinrikyo, 241
Dark Harvest, 241
Larry Wayne Harris, 242
Minnesota Patriots Council, 241-242
Rajneeshees, 241
R.I.S.E., 242
early history, 232-233
contamination, 232
infected fabrics, 233
projectile biologic weapons, 232-233
post-World War I through World War II, 234-237
Britain, 236
Canada, 236
France, 236
Germany, 236
Japan, 235-236
Russia, 236-237
United States, 234-235
post-World War II and beyond, 237-240
1972 Biological Weapons Convention, 237-238
Iraq, 239-240
Soviet Union/Russia, 238-239
United States, 237-238
World War I, 233-234
1925 Geneva Protocol, 234
plague in. *See* Plague.
response to, dermatologist's role in, **321-324**
ricin in. *See* Ricin.
smallpox in. *See* Smallpox.
staphylococcal enterotoxin B in. *See* Staphylococcal enterotoxin B.
trichothecene mycotoxins in. *See* Trichothecene mycotoxins.
tularemia in. *See* Tularemia.
- Bleeding disorders, hemorrhagic fever viruses and, 295-296
- Blepharospasm, Botox injections for, 191
- Blistering diseases, in elderly, **73-86**
bullous pemphigoid, 77-78
cicatricial pemphigoid, 78-79
coma bullae, 82
dermatitis herpetiformis, 81-82
diabetic bullae, 83
drug-related, 82
epidermolysis bullosa acquisita, 79-80
linear IgA bullous disease, 81
pemphigus, 73-77
Hailey-Hailey disease, 77
paraneoplastic pemphigus, 75-76
pemphigus foliaceus, 75
pemphigus vulgaris, 74-75, 120-121
subcorneal pustular dermatosis and IgA pemphigus, 76
transient acantholytic dermatosis, 77, 119-120
porphyria cutanea tarda, 80-81
stasis blisters, 82-83
- BoNT-A injections, for headaches. *See* Headaches.
- Botox injections, complications of, **197-205**. *See also* specific indications.
in cosmetic procedures, 199-203
muscle spasms, 198
resistance to toxin, 198-199
dilution and storage of, 135-136
electromyographic guidance for, 136
for glabellar rhytides. *See* Glabellar rhytides.
for hyperhidrosis. *See* Hyperhidrosis.
in eyes and eyebrows. *See* Eyes and eyebrows.
in face and neck. *See* Face and neck.
indications for, in elderly, 105-106
informed consent for, 203
noncosmetic indications for, **187-195**
gastrointestinal disorders, 192
genitourinary disorders, 191-192
laryngeal disorders, 189-190
neurologic disorders, 187-189
ophthalmologic disorders, 191
oromandibular disorders, 192
pain syndromes, 190-191
salivary disorders, 191
- Botulinum neurotoxin injections, for headaches. *See* Headaches.
- Botulinum toxin A injections. *See* Botox injections; Dysport injections.
- Botulinum toxin B injections. *See* Myobloc injections.
- Botulinum toxin therapy, historical aspects of, **131-133**
Carruthers, 132
Drachman, 132
for cosmetic indications, 132
for Frey's syndrome, 132
for hyperhidrosis, 132
for strabismus, 132
for torticollis, 132
from warfare to therapy, 131-132
Kerner, 131
Myobloc, 133
van Ermenegem, 131

Breast-feeding, and hemorrhagic fever viruses, 294
Brow ptosis, Botox injections and, 143, 147, 148, 200
Bruxism, Botox injections for, 192
Bubonic plague, in bioterrorism, 305
Bullosis diabetorum, in elderly, 83
Bullous disease of comatose, in elderly, 82
Bullous pemphigoid, in elderly, 77-78
Bunions, in elderly, 14
Bunny lines, Botox injections for, 153
Bunyaviridae, in bioterrorism. *See* Hemorrhagic fever viruses.
Burdock, in complementary and alternative medicine, 327

C

- Calcipotriene, for psoriasis, 380
 with phototherapy, 380, 402
 with psoralen plus ultraviolet A therapy, 380
Calluses, of foot, in elderly, 13-14
Candidal balanitis, in elderly, 41
Candidal diseases, complementary and alternative medicine for, 328
Candidal intertrigo, in elderly, 40-41
Candidal paronychia, in elderly, 44-45
Candidal vulvovaginitis, in elderly, 41
Candidiasis, oral, in elderly, 36-37
Carbapenems, indications for, in elderly, 67
Carbocyclic 3-deazaadenosine, for hemorrhagic fever viruses, 298
Carbon dioxide lasers, in skin resurfacing, in elderly, 104
Cardiac disease, and cutaneous surgery, in elderly, 98-99
Cardiomyopathy, nonischemic dilated, smallpox vaccination and, 283-284
Cardiovascular disease, as contraindication, to smallpox vaccination, 285
Castor bean, in bioterrorism. *See* Ricin.
CD1d expression, in immunopathogenesis, of psoriasis, 356
Central nervous system complications, of smallpox vaccination, 282
Cephalosporins, indications for, in elderly, 67
Cerebral palsy, spasticity in, Botox injections for, 189
Cervical dystonia, Botox injections for, 187
Cheilitis, angular, in elderly, 37
Chemical peels, in elderly, 105
Chemokines, and biologic therapy, for psoriasis, 375-376
 in immunopathogenesis, of psoriasis, 373
Cherry angiomas, in elderly, 106
Chickweed, in complementary and alternative medicine, 329
Chloramphenicol, for plague, 310
 for tularemia, 317-318
Chromated glycerin, in sclerotherapy, for varicosities, 502
Chromosome 6p21, in psoriasis. *See* Psoriasis, genetics of.
Cicatricial pemphigoid, in elderly, 78-79
Cidofovir, for smallpox, 272, 280-281
Ciprofloxacin, for cutaneous anthrax, 252
Claw toes, in elderly, 14
Clindamycin, indications for, in elderly, 68
Coma bullae, in elderly, 82
Complementary and alternative medicine, 325-332
 allergic reactions in, 327
 antiinflammatory herbs in, 327-328
 approach to, 326-327
 Arnica montana in, 330
 astragalus root in, 329
 bacille Calmette-Guérin in, 330
 burdock in, 327
 chickweed in, 329
 for candidal and inflammatory diseases, 328
 for food allergies, 328
 for itching disorders, 329
 for melanoma, 330
 Gerson Program in, 330
 homeopathy in, 329-330
 licorice in, 327-328
 MGN3 in, 329
 nettles in, 329
 plantain in, 329
 rationale for, 325-326
 reishi mushrooms in, 329
 Rhus tox in, 330
 silymarin in, 327

to stimulate immune response, 329
with pharmacologic therapy, 329

Compression, in sclerotherapy, for varicosities, 504

Congestive heart failure, etanercept and, 454
infliximab and, 443

Contact dermatitis, in elderly, 18

Contact vaccinia, smallpox vaccination and, 282-283

Corns, in elderly, 13-14

Corrugator supercilii muscle, Botox injections in, 138

Cosmetic surgery, in elderly. *See* Cutaneous surgery.

Cricopharyngeal dysfunction, Botox injections for, 190

Crohn's disease, infliximab for, 442

Crow's feet, Botox injections for, 148-149
complications of, 201-202
Dysport injections for, 216

Cushing's syndrome, in elderly, 26

Cutaneous anthrax, in bioterrorism, 249-250, 251, 252

Cutaneous infections, in elderly, **51-61**
antimicrobial therapy for. *See*
Antimicrobial therapy.
herpes zoster, 51-53
of lower extremities. *See* Lower extremities.
onychomycosis, 16, 45-49, 51, 56-57
postherpetic neuralgia, 51, 53-54, 56

Cutaneous surgery, in elderly, **97-113**
cosmetic surgery, 103-107
for focal skin lesions, 106
for rhytides and sagging, 105-106
for skin resurfacing, 104-105
psychologic issues in, 106-107
long-term follow-up of, 109
medically necessary dermatologic surgery, 103
morbid conditions and, 103
perioperative care for, 107-108
polypharmacy and, 101-102
postoperative care for, 108-109
pre-existing disease and, 98-101
cardiac disease, 98-99
diabetes mellitus, 100
functional status, 99-100
hepatic disease, 100-101
hypertension, 100
musculoskeletal disease, 99
neurologic disease, 101

pulmonary disease, 99
renal disease, 99
thyroid disease, 100
previous surgery and, 102
prosthetics and, 102

Cutaneous T-cell lymphoma, in elderly, 3

Cyclosporine, for psoriasis, 384
with etanercept, 455
with psoralen plus ultraviolet A therapy, 404
for psoriatic arthritis, 479

Cytokines, and biologic therapy, for psoriasis, 375-376
in immunopathogenesis, of psoriasis, 354

D

Dapsone, for linear IgA bullous disease, in elderly, 81

Darier's disease, in elderly, 2

Dark Harvest, in bioterrorism, 241

Decubitus ulcers, in elderly, **87-91**

diagnosis of, 88
evaluation of, 89
location of, 88
morphology of, 87-88
nomenclature of, 87
prevention of, 89-90

Delusions of parasitosis, in elderly, 19

Demyelination disorders, etanercept and, 454
infliximab and, 443

Dendritic cells, in immunopathogenesis, of psoriasis, 353-354

Depressor anguli oris muscle, Botox injections in, 153

Depressor supercilii muscle, Botox injections in, 139

Dermabrasion, in elderly, 104-105

Dermatitis, as contraindication, to smallpox vaccination, 284
in elderly, 2, 3, 18-19, 33

Dermatitis herpetiformis, in elderly, 81-82

Dermatologic lesions, in elderly, **115-123**
asteatotic eczema, 2, 17, 116-117
lichen sclerosis et atrophicus, 117-118
pemphigus vulgaris, 74-75, 120-121
solar elastosis, 115-116
transient acantholytic dermatosis, 77, 119-120

Dermatology Life Quality Index, in psoriasis, 390

Dermatology Quality-of-Life Scales, in psoriasis, 390

Dermopathy, diabetic, in elderly, 23

Detergents, in sclerotherapy, for varicosities, 501

Diabetes mellitus, and cutaneous surgery, in elderly, 100

cutaneous manifestations of, in elderly, 23-25

acanthosis nigricans, 24

diabetic dermopathy, 23

eruptive xanthomas, 24

necrobiosis lipoidica diabetorum, 24

perforating dermatosis, 24

scleredema diabetorum, 24-25

ulcers, 23-24

Diabetic bullae, in elderly, 83

Diabetic foot, in elderly, 15

Digital deformities, in elderly, 14

Dilated cardiomyopathy, nonischemic, smallpox vaccination and, 283-284

Doxycycline, for plague, 310
for tularemia, 317-318

Drinking water contamination, in bioterrorism, 232

Drug reactions, in elderly, 3

Dryvax, for smallpox, 277

Duane retraction syndrome, Botox injections for, 191

Duffy classification, of varicosities, 500

Dysphonia, mutational, Botox injections for, 189
spasmodic, Botox injections for, 189

Dysport injections, 213-219

biologic activity of, 214

cosmetic indications for, 216

in face and neck, 151-152

masseteric hypertrophy, 155

dilution and storage of, 135-136, 214

electromyographic guidance for, 136

immunogenicity of, 214

manufacturing of, 213-214

noncosmetic indications for, 214-216

hyperhidrosis, 215-216

lichen simplex, 216

salivary disorders, 216

striated and smooth muscle disorders, 215

thyroid eye disease, 216

Dystonia, Botox injections for, 187
complications of, 198

oromandibular, Botox injections for, 192

E

Ebola virus, in bioterrorism. *See* Hemorrhagic fever viruses.

Ecchymosis, Botox injections and, 147, 149

Eccrine skin cancer, in elderly, 95

Eczema vaccinatum, smallpox vaccination and, 281

Eczematous diseases, as contraindication, to smallpox vaccination, 284

in elderly, 1-5

asteatotic eczema, 2, 17, 116-117

atopic dermatitis, 2

cutaneous T-cell lymphoma, 3

Darier's disease, 2

drug reactions, 3

eczema herpeticum, 2

intertrigo, 3, 40-41

nummular eczema, 2

psoriasis, 3

scabies. *See* Scabies.

seborrheic dermatitis, 3, 33

stasis dermatitis, 3, 18-19

Edema, sclerotherapy and, 504

Efalizumab, for psoriasis, 427-435

dosing of, 433-434

immunobiologic activity of, 427-428

intermediate-term results of, 430-431

long-term results of, 431-432

mechanism of action of, 427-428

phase 3 clinical experience with, 428

safety of, 432-433

short-term results of, 428, 430

Elimite, for scabies, in elderly, 8

Encephalitis, smallpox vaccination and, 282

Encephalomyelitis, smallpox vaccination and, 282

Endocrine-metabolic disorders, cutaneous manifestations of, in elderly, adrenal dysfunction, 26

diabetes mellitus. *See* Diabetes mellitus.

parathyroid disease, 27-28

pituitary disorders, 26-27

thyroid disorders, 25-26

Enterotoxins, staphylococcal, in bioterrorism. *See* Staphylococcal enterotoxins.

Environmental factors, in psoriatic arthritis, 478

Enzyme-linked immunosorbent assay, of hemorrhagic fever viruses, 297

Epidermal skin cancer, in elderly, 94

Epidermolysis bullosa acquisita, in elderly, 79-80

Erbium:YAG lasers, in skin resurfacing, in elderly, 104

Erosio interdigitalis blastomycetica, in elderly, 41

Eruptive exanthomas, in elderly, 24

Erythema, in elderly, 106

Escharotic compounds, for skin cancer, in elderly, 95

Estrogen supplementation, topical, for skin disorders, in menopause, 29-30

Etanercept, for psoriasis and psoriatic arthritis, 449-455, 480-481

- and autoimmunity, 454
- and congestive heart failure, 454
- and demyelination disorders, 454
- and infections, 453
- and malignancies, 453
- dosing of, 451
- efficacy of, 451-452
- immunization during, 454
- in combination therapy, 455, 457
- in pregnancy and lactation, 454
- indications for, 450-451
- injection site reactions to, 452-453
- laboratory tests for, 453
- mechanism of action of, 449-450
- monotherapy dosing of, 454-455
- radiographic response to, 451-452
- safety of, 452-454
- self-administration of, 454
- structure and function of, 450
- tuberculin testing for, 453-454
- with cyclosporine, 455
- with retinoids, 469

Ethamolin, in sclerotherapy, for varicosities, 502

Ethanolamine oleate, in sclerotherapy, for varicosities, 502

Etretinate, for psoriasis, 383-384.
See also Retinoids.
for psoriatic arthritis, 479

Excoriations, neurotic, in elderly, 19

Exfoliative erythrodermic psoriasis, retinoids for, 467

Exfoliative skin conditions, as contraindication, to smallpox vaccination, 284

Eyebrows. *See* Eyes and eyebrows.

Eyelid ptosis, Botox injections and, 143, 200

Eyes and eyebrows, Botox injections in, 145-149

- anatomic boundaries in, 145
- complications of, 147-148
 - brow ptosis, 143, 147, 148, 200
 - cockeyed appearance, 147-148, 201
 - ecchymosis, 147, 149
- dosage for, 148
- for deep zygomaticus lines, 149
- for periorbital rhytides, 148-149
- high versus low concentration in, 147
- location of, 145-146

F

Fabrics, infected, in bioterrorism, 243

Face and neck, Botox injections in, 151-158

- complications of, 156, 202-203
- contraindications to, 152
- dosage for, 152
- for bunny lines and nasal flare, 153
- for facial asymmetry, 155
- for horizontal neck lines, 156
- for hypertrophic orbicularis oculi, 152
- for masseteric hypertrophy, 155
- for mental crease and peau d'orange chin, 154-155
- for mouth frown and melomental fold, 153-154
- for nasolabial folds, 153, 202
- for neck lines and bands, 159-166
 - aging neck in, 159-161
 - anatomy in, 161-162
 - complications of, 164-165
 - results of, 164
 - technique for, 162-163
- for perioral rhytides, 153
- for platysmal lines, 155-156, 161-162
- for smile lines, 155
- for upper gum show, 155
- for vertical platysmal bands, 156
- formulations for, 151-152
- indications for, 152
- side effects of, 156

- Dysport injections in, 151-152
- Myobloc injections in, 151, 163, 165

Facial asymmetry, Botox injections for, 155

Facial myokymia, Botox injections for, 189

Facial nerve paralysis, synkinesis after, Botox injections for, 189

Famciclovir, for herpes zoster, in elderly, 52-53
for postherpetic neuralgia, in elderly, 54

Filoviridae, in bioterrorism. *See* Hemorrhagic fever viruses.

- Fissures, anal, Botox injections for, 192
- FK506, for psoriasis, 384
- Flagyl, indications for, in elderly, 68
- Flaviviridae, in bioterrorism. *See* Hemorrhagic fever viruses.
- Fluoroquinolones, for plague, 309
- for tularemia, 318
- indications for, in elderly, 68
- Food allergies, complementary and alternative medicine for, 328

Helomata, in elderly, 13-14

Hemorrhagic fever viruses, in bioterrorism, 291-302

- breast-feeding and, 294
- clinical features of, 295-296
- diagnosis of, 297-298
- ecology of, 295
- epidemiology of, 294-295
- historical aspects of, 292-293
- infection control measures for, 298
- management of, 298
- pathogenicity of, 296-297
- postexposure prophylaxis for, 298-299
- prevention of, 298-299
- reservoirs for, 295
- transmission of, 294-295
- vaccine for, 299
- virology of, 293-294

Hepatic disease, and cutaneous surgery, in elderly, 100-101

Hepatotoxicity, of methotrexate, 383
of retinoids, 471

Herbal therapy, in dermatology. *See* Complementary and alternative medicine.

Herpes zoster, in elderly, 51-53

HIV infection, in elderly, 30

HLA antigens, in psoriatic arthritis, 477-478

Homeopathy, in complementary and alternative medicine, 329

Hydroxyurea, for psoriasis, 385

Hyperhidrosis, Botox injections for, 177-185, 191

- anesthesia in, 179-180
- complications of, 203
- documentation of problem in, 177-179
 - gravimetric measurements in, 177, 178
- Minor starch-iodine test in, 178-179
- duration of effect in, 182
- future directions in, 183
- historical aspects of, 132
- pattern and dosage for, 181-182
- scheduling of, 182-183
- syringes for, 180
- technique for, 180-181

Dysport injections for, 215-216

Hyperkeratosis, in elderly, 13

Hyperlacrimation, Botox injections for, 191

Hyperlipidemia, retinoids and, 471

Hyperparathyroidism, in elderly, 27

Hyperpigmentation, sclerotherapy and, 504

Hyperpituitarism, in elderly, 27

Hypertension, and cutaneous surgery, in elderly, 100

Hyperthyroidism, in elderly, 25

Hypertonic saline, in sclerotherapy, for varicosities, 501

Hypoparathyroidism, in elderly, 27-28

Hypopituitarism, in elderly, 26-27

Hypothyroidism, in elderly, 25-26
and cutaneous surgery, 100

I

IgA pemphigus, in elderly, 76

Immune cascade, in immunopathogenesis, of psoriasis, 373-374

Immune deficiency, as contraindication, to smallpox vaccination, 281-282, 284-285

Immune response, stimulation of, complementary and alternative medicine in, 329

Immunization, etanercept and, 454

Immunohistochemical staining, of hemorrhagic fever viruses, 297-298

Immunomodulatory agents, for psoriasis, with retinoids, 468-469

Immunosuppressive therapy, for bullous pemphigoid, in elderly, 78

- for cicatricial pemphigoid, in elderly, 79
- for pemphigus vulgaris, in elderly, 74-75
- for psoriasis, with alefacept, 417-418

Infections, alefacept and, 420

cutaneous, in elderly. *See* Cutaneous infections.
etanercept and, 453

fungal, in elderly. *See* Fungal infections.
prevention of, in elderly. *See* Antimicrobial therapy.

Inflammatory disease, complementary and alternative medicine for, 328

Infliximab, for Crohn's disease, 442

for psoriasis, 437-447

- and congestive heart failure, 443
- and demyelinating diseases, 443
- and formation of anti-infliximab antibodies, 443-444
- and reactivation of latent tuberculosis, 443

- case series of, 441-442
 - mechanism of action of, 439
 - randomized controlled clinical trials of, 439-440
 - safety and tolerability of, 442-443
 - sustained efficacy of, 440
 - uncontrolled open-label clinical trials of, 440-441
 - for psoriatic arthritis, 480
 - for rheumatoid arthritis, 442
- Inhalational anthrax, in bioterrorism, 250, 251, 252
- Insulin, for diabetes, adverse effects of, in elderly, 25
- Interdigital candidiasis, in elderly, 41
- Interdigital tinea pedis, in elderly, 42
- Interferon-gamma, in immunopathogenesis, of psoriasis, 351-353, 356, 358
- Intertrigo, in elderly, 3, 40-41
- Intestinal anthrax, in bioterrorism, 250
- Iodine, polyiodinated, in sclerotherapy, for varicosities, 502
- Isotretinoin, for psoriasis, 383-384.

- Melanocytic skin cancer, in elderly, 94, 96
- Melanoma, complementary and alternative medicine for, 330
- Melolabial folds, Botox injections for, 153
- Melomental folds, Botox injections for, 154
- Meningitis, plague, in bioterrorism, 306

Menopause, cutaneous manifestations of, 29-30

Mental crease, Botox injections for, 154-155

Methotrexate, for psoriasis, 382-383, 403-404
with psoralen plus ultraviolet A therapy, 404
for psoriatic arthritis, 479, 480

Metronidazole, indications for, in elderly, 68

MGN3, in complementary and alternative medicine, 329

Migraine headaches. *See* Headaches.

Minnesota Patriots Council, in bioterrorism, 241-242

Minor starch-iodine test, for hyperhidrosis, 178-179

Moccasin-type tinea pedis, in elderly, 42-43

Mohs' micrographic surgery, for skin cancer, in elderly, 95-96

Mouth frown, Botox injections for, 153

Mucocutaneous toxicity, of retinoids, 470

Mucous membrane pemphigoid, in elderly, 78-79

Muscle spasms, Botox injections and, 198

Musculoskeletal disease, and cutaneous surgery, in elderly, 99

Musculoskeletal headaches, Botox injections for, 191

Mutational dysphonia, Botox injections for, 189

Myalgias, retinoids and, 470

Mycophenolate mofetil, for psoriasis, 385

Myobloc injections, **207-211**
clinical studies of, 209
cost of, 210
equivalency studies of, 209
formulation for, 207-208
in face and neck, 151, 163, 165
indications for, 209-210
rapid action of, 210
side effects of, 210
stability of, 210
versus Botox injections, 208-210
duration of effect, 208-209
increased pain, 209-210
increased radius of diffusion, 208
rate of onset, 208

Myocardial infarction, smallpox vaccination and, 283

Myocarditis, smallpox vaccination and, 283

Myoclonus, palatal, Botox injections for, 189

Myokymia, Botox injections for, 189

N

Nail disorders, in elderly, 15-16, 45-49, 51, 56-57

Nasal flare, Botox injections for, 153

Nasolabial folds, Botox injections for, 153
complications of, 202

Natural killer cells, in immunopathogenesis, of psoriasis, 354, 356

Neck. *See* Face and neck.

Necrobiosis lipoidica diabetorum, in elderly, 24

Nephrotoxicity, of cyclosporine, 384

Nettles, in complementary and alternative medicine, 329

Neurodermatitis, in elderly, 19

Neurologic disorders, and cutaneous surgery, in elderly, 101
Botox injections for, 187-189

Neuropathy, diabetic, in elderly, 24

Neurotic excoriations, in elderly, 19

Neutralizing antibodies, formation of, Botox injections and, 152, 198-199

Niacin deficiency, in elderly, 28-29

Nix, for scabies, in elderly, 8

Non-major histocompatibility complex susceptibility loci, in psoriasis, 343-344

Nonablative skin resurfacing, in elderly, 104

Nummular eczema, in elderly, 2

Nutritional deficiencies, cutaneous manifestations of, in elderly, 29-30

Nystagmus, Botox injections for, 191

O

Ocular vaccinia, smallpox vaccination and, 280

Oculoglandular tularemia, in bioterrorism, 315

Onychomycosis, in elderly, 16, 45-49, 51, 56-57

Ophthalmologic disorders, Botox injections for, 191

Ophthalmologic toxicity, of retinoids, 471

Orbicularis oculi muscle, Botox injections in, 139, 148, 152

Orbicularis oris myokymia, Botox injections for, 189

Oromandibular disorders, Botox injections for, 192

Oropharyngeal anthrax, in bioterrorism, 250

- Oropharyngeal tularemia, in bioterrorism, 315, 317
- Osmotic agents, in sclerotherapy, for varicosities, 501
- Oxazolidinone antibiotics, for cutaneous infections, in elderly, 57-58

P

Rhytides, glabellar. *See* Glabellar rhytides.
in elderly, 105-106
perioral, Botox injections for, 153
periorbital, Botox injections for, 148-149, 201-202

Ricin, in bioterrorism, 257-259
clinical features of, 258
differential diagnosis of, 258
historical aspects of, 257-258
management of, 258-259
pathogenicity of, 258

R.I.S.E., in bioterrorism, 242

RNA synthesis antibiotics, indications for, in elderly, 67-68

rPA102 vaccine, for anthrax, 254

S

Salivary disorders, Botox injections for, 191
Dysport injections for, 216

Scabies, in elderly, 3, 7-9, 17-18
diagnosis of, 8, 18
differential diagnosis of, 8

Scleredema diabeticorum, in elderly, 24-25

Sclermo, in sclerotherapy, for varicosities, 502

Sclerodex, in sclerotherapy, for varicosities, 502

- Scleromate, in sclerotherapy, for varicosities, 502
- Sclerotherapy, for varicosities. *See* Varicosities.
- Scurvy, in elderly, 28
- Seborrheic dermatitis, in elderly, 3, 33
- Sebum production, decreased, in menopause, 29
- Sepsis syndrome, hemorrhagic fever viruses and, 297
- Septicemic plague, in bioterrorism, 305
- Silymarin, in complementary and alternative medicine, 327
- Skeletal toxicity, of retinoids, 471
- Skin cancer, in elderly, 93-96
 - biopsy of, 96
 - diagnosis of, 96
 - eccrine, 95
 - epidermal, 94
 - management of, 94-96
 - escharotic compounds in, 95
 - lasers in, 95
 - mechanical destruction in, 95
 - Mohs' micrographic surgery in, 95-96
 - rationale for, 94
 - surgical excision in, 95-96
 - melanocytic, 94, 96
 - piloosebaceous, 94-95
 - reconstructive surgery after, 103
 - reticular dermal, 94
 - sun exposure and, 93
- Skin rashes, smallpox vaccination and, 279
- Skin resurfacing, in elderly, 104-105
- Smallpox, in bioterrorism, 263-274, 275-289
 - antiviral antibody responses in, 266
 - classifications of, 268-270
 - flat type, 269
 - fulminant or hemorrhagic type, 269
 - modified type, 269
 - variola minor, 269-270
 - variola sine eruption, 269
 - clinical features of, 267-268
 - dermatologist's role in, 321-322
 - diagnosis of, 270
 - historical aspects of, 275-277
 - immunology of, 265-266
 - lesion distribution in, 268
 - management of, 271-272
 - pathology of, 267
 - T-cell response in, 265-266
 - transmission of, 267
 - vaccine for, 271-272
 - administration of, 277
 - contraindications to, 284-285
 - in development, 286-287
 - in pregnancy, 282
 - reactions to, 277-285
 - safety of, 284
 - viral strains in, 264-265
- Smile lines, Botox injections for, 155
- Smooth muscle disorders, Dysport injections for, 215
- Sneddon-Wilkinson disease, in elderly, 76
- Sodium morrhuate, in sclerotherapy, for varicosities, 502
- Sodium tetradecyl, in sclerotherapy, for varicosities, 501-502
- Soft tissue augmentation, in elderly, 105
- Solar elastosis, in elderly, 115-116
- Sotradecol, in sclerotherapy, for varicosities, 501-502
- Spasmodic dysphonia, Botox injections for, 189
- Spasticity, Botox injections for, 189
 - complications of, 198
- Speech disorders, Botox injections for, 190
- Spider veins, in elderly, 106
- Squamous cell carcinoma, in elderly, 16-17
- Staphylococcal enterotoxins, in bioterrorism, 259-260
 - clinical features of, 259
 - differential diagnosis of, 259
 - management of, 259-260
 - pathogenicity of, 259
- Stasis blisters, in elderly, 82-83
- Stasis dermatitis, in elderly, 3, 18-19
- Steroids, for eczematous diseases, in elderly, 3-4
 - for lichen sclerosis et atrophicus, in elderly, 118
 - for pemphigus vulgaris, in elderly, 74, 75
 - for psoriasis, 379-380
 - with phototherapy, 402
 - with retinoids, 381
- Strabismus, Botox injections for, 191
 - complications of, 198
 - historical aspects of, 132
- Streptomycin, for plague, 309-310
 - for tularemia, 317, 318
- Striated muscle disorders, Dysport injections for, 215

Stromectol, for scabies, in elderly, 9
Stuttering, Botox injections for, 190
Subcorneal pustular dermatosis, in elderly, 76
Sulfasalazine, for psoriasis, 385
 for psoriatic arthritis, 479, 480
Sulfonylureas, for diabetes, adverse effects of, in elderly, 25
Sulfur, for scabies, in elderly, 8-9
Sun exposure, and skin cancer, in elderly, 93
Sweating, excessive. *See* Hyperhidrosis.
Sympathectomy, for hyperhidrosis, 177
Synkinesis, after facial nerve paralysis, Botox injections for, 189

T

T cells, and biologic therapy, for psoriasis, 375
 in immunopathogenesis, of psoriasis, 372-374
Tachyphylaxis, steroids and, 379-380
Tacrolimus, for psoriasis, 384
Tars, for psoriasis, 380
Tazarotene, for psoriasis, 380-381.
 See also Retinoids.
 with phototherapy, 381, 472
 with steroids, 381
Tazorotene, for psoriasis, 469-470, 472
Telangiectasia, in elderly, 106
Telangiectatic matting, sclerotherapy and, 504
Temporomandibular joint disorders, Botox injections for, 192
Teratogenicity, of retinoids, 470
Terbinafine, for onychomycosis, in elderly, 48, 57
 for tinea capitis, in elderly, 36
Tetracyclines, for tularemia, 317-318
6-Thioguanine, for psoriasis, 385
Thrombophlebitis, sclerotherapy and, 504-505
Thrush, in elderly, 36
Thyroid disease, in elderly, 25-26
 and cutaneous surgery, 100
Thyroid eye disease, Dysport injections for, 216
Tics, vocal, Botox injections for, 190
Tinea capitis, in elderly, 33-36
Tinea corporis, in elderly, 39-40
Tinea cruris, in elderly, 40
Tinea manuum, in elderly, 43-44
Tinea pedis, in elderly, 15, 41-44
Tinea unguium, in elderly, 16, 45-49, 51, 56-57
Tinea versicolor, in elderly, 37-39
Toll-like receptors, in immunopathogenesis, of psoriasis, 355
Torticollis, Botox injections for, historical aspects of, 132
Tracheoesophageal puncture, for aphonia, Botox injections in, 190
Tretinoin, for solar elastosis, in elderly, 116
Trichotheccene toxins, in bioterrorism, 260-261
 clinical features of, 260
 differential diagnosis of, 260-261
 management of, 261
 pathogenicity of, 260
Tricyclic antidepressants, for postherpetic neuralgia, in elderly, 54
Tuberculosis, latent, reactivation of, etanercept and, 453-454
 infliximab and, 443
Tularemia, in bioterrorism, 313-320
 clinical features of, 314-316
 diagnosis of, 316-317
 differential diagnosis of, 317
 Francisella tularensis in, 313-314
 gastrointestinal, 315
 glandular, 315, 317
 historical aspects of, 314
 in children, 318
 in pregnancy, 318
 management of, 317-318
 oculoglandular, 315
 oropharyngeal, 315, 317
 pneumonic, 315-316, 317
 postexposure prophylaxis for, 318
 prognosis for, 318-319
 typhoidal, 316, 317
 ulceroglandular, 315
 vaccine for, 318
Tumor necrosis factor- α , in immunopathogenesis, of psoriasis, 354, 437-439, 449
Tumor necrosis factor- α blockade, in psoriasis, infliximab mediated. *See* Infliximab

Tylomata, in elderly, 13-14

Typhoidal tularemia, in bioterrorism, 316, 317

U

Ulceroglandular tularemia, in bioterrorism, 315

Ulcers, decubitus, in elderly. *See* Decubitus ulcers.
diabetic, in elderly, 23-24
of leg, in elderly, 19
sclerotherapy and, 505

Ultraviolet B therapy, for psoriasis. *See* Phototherapy.

Upper gum show, Botox injections for, 155

Urinary retention, Botox injections for, 191-192

V

Vaccine, for anthrax, 253-254
for hemorrhagic fever viruses, 299
for plague, 310
for smallpox. *See* Smallpox.
for tularemia, 318

Vaccinia, smallpox vaccination and, 279-280, 282-283

Vaccinia Ankara vaccine, for smallpox, 286-287

Vaccinia immune globulin, for smallpox, 271-272, 280-282

Valacyclovir, for herpes zoster, in elderly, 53
for postherpetic neuralgia, in elderly, 54

Vancomycin, indications for, in elderly, 67

Varicosities, anatomy of, 499-500
classification of, 500
etiology of, 500
sclerotherapy for, 499-506
chromated glycerin in, 502
complications of, 504-505
compression in, 504
detergents in, 501
ethanolamine oleate in, 502
follow-up of, 505
hypertonic saline in, 501
injection techniques for, 503-504
new developments in, 505
osmotic agents in, 501
patient consultation for, 505
patient history and physical examination for, 502-503
polidocanol in, 502
polyiodinated iodine in, 502
Sclerodex in, 502

sodium morrhuate in, 502
sodium tetradecyl in, 501-502
supplies for, 503

Variola, in bioterrorism. *See* Smallpox.

Vascular insufficiency, in elderly, 24

Vascular permeability, hemorrhagic fever viruses and, 297

Venous insufficiency, of leg, in elderly, 19

Venous lakes, in elderly, 106

Verruca plana, in elderly, 14

Verruca vulgaris, in elderly, 14

Verrucous carcinoma, in elderly, 17

Vesiculobullous tinea pedis, in elderly, 43

Vistide, for smallpox, 272, 280-281

Vitamin C deficiency, in elderly, 28

Vitamin D analogs, for psoriasis, 380
with phototherapy, 380, 402
with psoralen plus ultraviolet A therapy, 380

Vocal cord paralysis, Botox injections for, 190

Vocal tics, Botox injections for, 190

Voice tremor, Botox injections for, 190

Vulvovaginitis, candidal, in elderly, 41

W

Warts, nongenital, in elderly, 14-15

World War I, bioterrorism in, 243-244

World War II, bioterrorism in. *See* Bioterrorism, historical aspects of.

Writer's cramp, Botox injections for, 188-189

X

Xanthomas, eruptive, in elderly, 24

Xerosis, of leg, in elderly, 17

Y

Yersinia species, in plague, 303-305

Z

Zinc deficiency, in elderly, 29

Zygomaticus lines, Botox injections for, 149

Zyvox, for cutaneous infections, in elderly, 57-58
